UNITED SCHOOL
OF PANAMA

OUR MISSION

At **United School of Panama**, we empower learners to think deeply, act compassionately, and create meaningfully in an ever-changing world. Through inquiry, collaboration, and real-world engagement, we nurture curiosity, critical thinking, and intercultural understanding in a supportive and respectful learning community. We cultivate confident communicators, ethical decision-makers, and lifelong learners prepared to contribute responsibly to their communities.

UNITED SCHOOL
OF PANAMA

OUR VISION

United School of Panama aspires to be a leading learning community. Grounded in the science of how the brain learns, and anchored in multilingual, multicultural understanding, we empower students to learn with purpose and act with integrity as globally engaged thinkers contributing meaningfully to a better world.

FUNDAMENTALS

At **United School of Panama**, we believe in providing an academically challenging curriculum that focuses on the individual strengths of our students while also addressing areas of improvement. We also prioritize healthy decision making based on principles of Neuroscience, which is the science of brain development and function. To this end, we have developed our educational approach around three pillars:

Sleep

Nutrition

Physical Fitness

ACTIVE BODY = ACTIVE MIND

**Trilingual
Curriculum**

**Sports and
Extracurricular
Activities**

**Physical Education
5 days a week**

**A classroom for
each subject**

OUR GOLDEN PRINCIPLES

At **USP** we believe in fostering a well-rounded and balanced individual who embodies the traits that align with our golden principles, rooted in the shared aspects of humanity. These principles guide us in developing the best versions of ourselves personally and professionally.

UNITED SCHOOL
OF PANAMA

NUTRITION

We provide **all food and drinks** for our students, ensuring that they are healthy and nutritious.

We also educate them about the importance of proper nutrition for brain development and overall growth.

All of our students receive **a meal plan** that includes a morning snack and lunch, and those in our ECA program also receive an afternoon snack.

MODEL

HEART+HEADS+HANDS

At **United School of Panama**, we recognize that learning is not only about development, but also about transformation. We believe that fostering the transformational qualities of our students is key to helping them make successful transitions in life.

Our educational approach focuses on engaging the cognitive domain through academic study, inquiry, and understanding of ecological and sustainability concepts **(Head)**, enacting the psychomotor domain for practical skill development and physical work such as building, planting, and painting **(Hands)**, and enabling the affective domain in forming relationships and values **(Heart)**.
